

Fireworks Helper's Information

If you are able to help, please just show up at the usual site and we will show you what to do. There is no need to call Larry McKittrick to let him know. If you have any questions his phone number is (715) 367-5065.

Saturday, July 1st at 9:00 AM – Setup the mortar wooden boxes. Bring a sledge hammer if you have one, work gloves if desired. Takes about an hour.

Sunday, July 2nd at 1:00 PM – Load the fireworks and attach wiring. No heavy lifting required, ladies can do it as well or better than men.

Monday, July 3rd at 9:00 AM – Clean-up the site and move mortar boxes back into the trailer. Bring leaf rakes and work gloves.

If it looks like it might rain anytime on Saturday, we will wait until Sunday at 9:00 AM to setup. If it looks like rain on Sunday, then everything will get pushed forward to Monday: 9:00 AM setup, 1:00 PM loading and wiring with cleanup on Tuesday.

Thank you for your help and support!
